

Purchase Requests

This form is to recommend that the library add a specific resource to our collection. We strongly consider all requests, but have to work within our budget and the guidelines of our [Collections Philosophy](#).

- If you don't actually need the library to add this item permanently to our collection, but instead just require a copy to use for a short time, please fill out the [Order a Book from Another Library](#) form.

Fields marked with an asterisk (*) are required.
