### Ask a Clinical Question

Do you have a clinical question for which you would like assistance? Email clinical informationists Corinne Miller and Denise Nunes at [clinicalquestion@northwestern.edu](mailto:clinicalquestion@northwestern.edu), and provide relevant details. If this request is urgent and related to patient care, please feel free to contact us by phone.

### Clinical Informationist Service

Did you know that you could have a librarian join you on rounds? The library's clinical informationist brings the resources and services of the Galter Library to you. We can help answer clinical questions generated as a part of patient care discussions. To explore options for a clinical informationist to join your team on rounds, email Corinne Miller and Denise Nunes at [clinicalquestion@northwestern.edu](mailto:clinicalquestion@northwestern.edu).
